Pliers & Pincers

Professional Series

TOP Plier

The new range of pliers designed by the Engineering Department of Dogher. Handles are provided of an ergonomic design, bi-material and comfortable to touch. The external lines have been designed to procure a non-slip effect.

Both sides of the handle have holes to set up anti-fall devices.

The jaws are chromium vanadium forged and oil tempered. Subsequently the parts suffering bigger efforts (cutting elements) have been submitted to hardening induction. The traditional chromium plating used in jaw finish is now replaced by a new and more attractive treatment with a superior resistance to oxidation.

155	2200-010	10,27
185	2200-011	12,80
250	2200-012	17,48

- Suitable to pinch flexible hoses off.
- Applications: Fuel supplying chains, heaters, cooling systems, radiators, brakes,...
- Practical jaws adjusting system for one-handed use.

2200

Hose Clamp Plier

215 mm

8,5"

Part N°	€
2200-20	50,54

- Slotted & swivel jaws for positive holding of both large and small hose clamps at any angle.
- Made of high performance alloy steel.
- Maximum jaws opening: 45 mm
- Ratchet action keeps jaws closed in 5 different positions.

2200

45° Angle Hose Clamp Plier

190 mm

7,5"

Part N°	€
2200-25	52,83

- Suitable for releasing and refitting reusable CLIC and CLIC-R hose clips.
- 45° offset execution allows easier work in limited access places.
- Flexible heads allow easier work in limited access places.
- Angled head and 360° flexible jaws.
- Non-slip red dipped PVC handle.
- Compatible with:
Volkswagen · Audi · Citroën · Peugeot · Fiat · Mercedes · Opel · Renault

2200

Automatic Hose Clamp Plier

275 mm

10,8"

Part N°	€
2200-30	133,63

- For spring loaded clamps with flat norma and muhr and bender section used on refrigeration circuit sleeves.
- V shaped jaws make hose clamp installation easier.
- Maximum jaws opening: 12-55 mm
- Safety lock.
- PVC handle.

2200

PSA Exhaust Clamp Plier

306 mm

12"

Part N°	€
2200-35	69,31

- This plier keeps spring loaded clamps open when the exhaust is installed or replaced.
- Maximum jaws opening: 55 mm
- Made of high performance alloy steel.
- Ratchet action keeps Jaws closed in 8 different positions.
- Non-slip red dipped PVC handle.

2200

Wheel Balancing Plier

240 mm

9.1/2"

Part N°	€
2200-40	26,00

- Plier used to remove wheel balancing weights.
- To tighten and loose spring loaded.
- To loose, cut and fix balancing weights.
- Blade makes possible to split balancing weights.
- Made of high performance alloy steel.
- Non-slip red dipped PVC handle.

Locking Pliers

- Axial Locking pliers:
Optimization of work time thanks to:
- Positioning perpendicular to the material for easy manipulation.
- The small size improves manoeuvrability.
- The flat jaws allows a perfect fit and prevents damage to the material.

Self-Adjusting Crimping Ratchet Plier for Wire End Sleeves with Lateral Access

0,25-16 mm²

Part N°	€
296-061	99,57

- High crimping quality due to integral square shaped lock (Self-releasing mechanism). Strong metal crimping profile with hardened surface.
- For cord end sleeves: 0,25~16mm².
- Reinforced connecting spring for longer useful life.
- Bimaterial handle for ergonomic and intensive use.
- Lateral loading on the cord end sleeve into the tool.
- Phosphated body to avoid corrosion.

296

Net Crimping Tool

203 mm

Part N°	€
296-062	87,14

- Suitable for crimping RJ45 & RJ11 modular plugs with 6 or 8 connectors.
- Stripping blade working range is 6-12mm length.
- Reinforced connecting spring for longer usage life.
- Bimaterial handle for ergonomic and intensive use.
- Phosphated body to avoid corrosion.
