## LOCKING JACK STANDS

- Locking Jack stand is the perfect complement to other car jacks as an essential security measure. Great stability and wide stable support feet.
- Angled teeth in post prevent accidental release of load – the more weight applied, the tighter the post is locked.

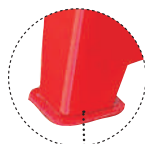

• The large surface area provides better contact with the supported load.

• Angled teeth in post to provide maximum security.

• Equipped with a double-lock protection feature.

• The wide base prevents from the sinking into the asphalt and similar surfaces.

• Built in high-resistance cast iron

• Paint is oil, grease and dirt-resistant for easy cleanup

• Structure is made in high-resistance welded steel.
